# TO OUR CLIENTS:

It took us seven months to get out another issue of our price list on world gold — but we weren't sleeping during this period! Since last March we have been over to Europe no less than 4 times looking to buy nice material — we attended the Gilhousen world gold auction conducted by Superior (a few of the pieces we were able to buy are listed in this list) along with attending several other gold auctions in the U.S. and Europe - and have been coast-to-coast in the U.S.A. looking to restock our inventory after our last price list in March. We finally put together what we think is a decent group of gold coins of the world there are coins in this list ranging from \$8 to \$27,500 so we think there is something in this list for everyone's pocketbook - if you have any questions concerning any item in this list please give us a call or write us a letter with your inquiry - if you collect world gold and you are looking for something in particular — please send us your want list. If we do not have it in stock — there is a good chance we will know where to locate one for you.

All setting up of this list and the preparation of the inventory was done by Stephanie A. Steinberg (Bob's wife) — she is also in charge of all invoicing/billing for this list — in fact — if it wasn't for her hard work on this list — it probably would not have been completed at all!

Also — we get many phone calls and letters asking us if we also buy world gold! Yes — naturally — we are always looking to buy any nice material in gold from any country — any period — if you have a collection for sale — or just want to dispose of some of your duplicates — please get in touch with us.

Thank you for your patience and we hope you find this list worth the wait!

Sincerely,

## ROBERT L. STEINBERG-Wm. FOX STEINBERG
